

THE VENUE AT

PLENTY

PLENTY RENTAL ADD-ONS

Why rent from PLENTY?

Using in-house venue rentals allows you to focus on the fun part of setup. You'll be able to use your setup hours on flowers, décor and details, instead of loading in and setting up hardscape like tables and chairs.

Items rented from the venue are set per your floor plan before you arrive. Simply leave them where they land at the end of your event, and we will break them down after your event. This saves so much time at the beginning and end of your reservation window, and you skip delivery, setup, breakdown, and pickup fees, like you would from outside vendors.

No additional or hidden fees here. The price per piece is the price you'll pay.

PLANNING NOTE: Plenty sets in-house rentals before your reservation window. Any rental movement during your reservation window is executed by the host's event team. Venue rental prices do not include staff to rearrange or move rentals during your reservation or event. Please consider the labor and time required from your event team for a big flip between a ceremony and reception, for example. We suggest planning your layout for minimal rental movement between spaces to ease logistics mid-event.

BIERGARTEN Table: \$25 | Bench: \$15 | Set: \$40
